

DART Orange Line to North Irving/DFW

SH 161/DFW Area

## Construction Update

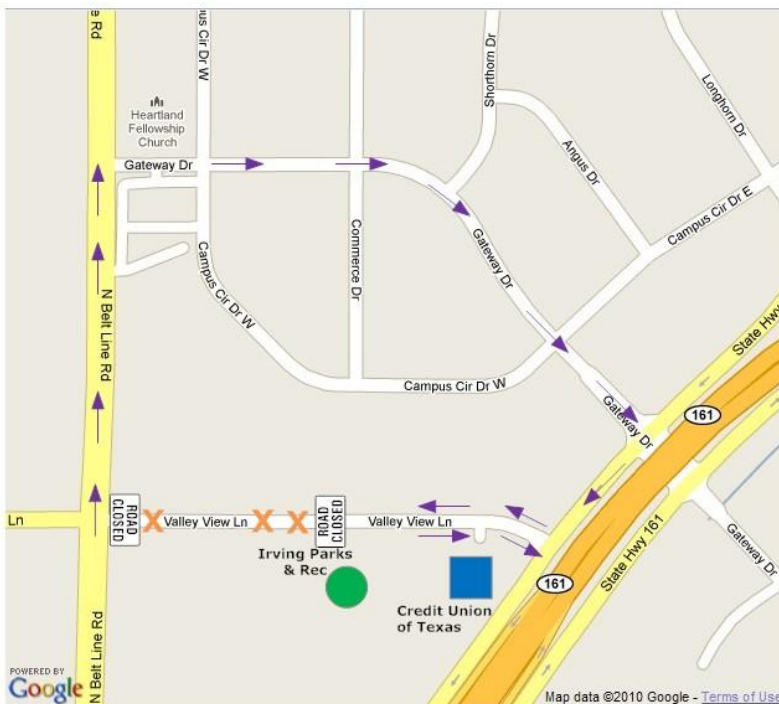

The DART Orange Line construction is quickly moving along the corridor and into SH 161/DFW. Construction activities will be in preparation for the light rail system that will extend from downtown Dallas, through Las Colinas, and eventually connect to the DFW airport. Currently, construction activities in this area include utility relocations and bridge structure work that may require traffic impacts to SH 161, Valley View and Belt Line. Some night work may be required.

In an attempt to minimize impacts, weekly construction updates are emailed out. This helps provide a more definitive answer to many construction questions, and provides notice to areas that may experience upcoming traffic delays or construction activity.

You can register for Orange Line Construction Updates online at [www.dart.org](http://www.dart.org).

*Beginning Monday, March 21 a full closure of Valley View will be required for crossing work. This detour will remain in place for several weeks. Traffic will be detoured to Gateway Drive. Signage will be present to direct traffic. Please note that all dates are tentative as they do not account for weather delays or other schedule impacts.*

**Beginning Monday, March 21** Valley View Ln will be closed to thru traffic between Belt Line and SH 161. Traffic will be detoured to Gateway Dr.

Access to the Credit Union of Texas will remain open.

Signage will be present to direct motorists. Please use caution when traveling through this area with the increased construction activity.
